

Build For Life Counseling Ministries

Free Divorce Care Workshop

January 9, 2010

Monocacy Valley Church, Ijamsville, MD

***Are you or someone you care about working through a broken relationship?
Are you wondering why the relationship ended or where to go from here?***

Bea Gruber, is a licensed Pastoral Counselor, and she has been there too!

Come join us at Monocacy Valley Church from 10am to 4pm for a **FREE** Workshop that promises a lot of valuable resources for you!

Speakers include a Family Law and Mediation lawyer from Frederick County and a Financial Advisor to help with these challenging times and beyond, local support groups will be there to discuss options to help you grow, and testimonials from the Rebuilding Group.

There are so many adults and children effected by divorce and broken relationships every year. Frederick averages nearly 60 divorces a month! BUT, there is hope for a bright and healthy future.

Please pass this flyer to a friend who is going through a broken love relationship, or if it's you, **please join us.**

If you want more, there will be an opportunity to sign up for a 12 session group to work on where you want to go from here in a warm and confidential setting.

ALL people regardless of faith, gender or status are welcome.

Light lunch and refreshments served courtesy of Build For Life Ministries
